Technical Specification

- Power 220 Volt
- 15 Analog input
- 20 Digital input
- 6 Analog output 0 to 10 volt
- 2 Input for 4 silo weigher or 1 batch weigher
- 4 Input for bird weigher
- 16 Dry change over contact relay 220V/2 A
- Expandable with module of 8 relay up to 96 output
- Temperature measurement of 0.1 C /1 F

- Agro vent minimum ventilation
- Tunnel ventilation
- Inlet control
- Cool curtain control
- Cooling
- Static pressure control
- Alarm
- Light control
- Dusk dawn control
- Water control
- Feed control
- Automatic temperature reduction curve
- Automatic minimum ventilation curve
- Data logging of growing period
- Silo weighing
- Water counting
- Temperature
- Humidity
- Mortality
- CO₂ Sensor

- Easy to read
- Color touch screen
- Multi language
- Graphic data collection
- Icon control Operating System
